New PRO Line

the innovation that makes your life easier.

Grind like a Pro

Outstanding performance, highly reliable, easy to use: the new PRO Line.

Fiorenzato presents the first range of professional coffee grinders with a new powerful detachable grinding chamber easy to release.

An innovation that allows the baristas to operate with the grinder in a **simple, intuitive and fast way**, by **removing the detachable grinding chamber** without modify the grinding point setting.

1st step

2nd step

3rd step

An easy innovation.

The Pros of this invention

Thanks to the new detachable grinding chamber, the maintenance operations of the grinder are simpler and faster.

It is no longer necessary to remove the adjustment ring to carry out periodic cleaning or burrs

replacement.
This innovation allows access to the grinding chamber simply flipping up the two clips situated either side of the coffee grinder and extract the desired component without losing the grinding point.

Easy detachable grinding chamber

No grinding point setting variation

Easy and quick maintenance

Up to 50% less coffee retention

PRO line available on models:
